**Rules Governing the Futurity**

Senior Futurity Pigs must be farrowed on or after September 1, 1921, and before March 1, 1921, and before March 1, 1922, Junior Futurity pigs must be farrowed on or after March 1, 1922.

A litter consists of four pigs of either or both sexes, farrowed by one sow. A pig can be shown as an individual and as one of a litter.

Should a nomination be made in a State which failed to comply with conditions to secure a Futurity, the nominator has the option of having the nomination fee returned or to continue payments for the purpose of exhibiting at a Futurity in an adjoining state. Not more than one State Futurity will be provided for in any state.

No exhibitor will be awarded to exceed four prizes in any one class; although an exhibitor will be allowed to drive before the judge as many pigs or litters as he desires, providing such pigs are eligible.

Pigs nominated in this Futurity shall have the right to compete in all the regular classes to which they are eligible at the Fair where Futurity is held.

Judges as far as possible will be those selected to act at the fair at which the Futurity is held, but the Futurity premiums should be awarded by an active Duroc-Jersey Breeder, who in all instances, must be acceptable to the Committee in charge of the Futurities; otherwise the Committee reserves the right to place their judge in charge and make the awards in the Futurity Show.

Right is reserved by the American Duroc-Jersey Association to declare off a Futurity by reason of insufficient nomination of herds, to alter, amend or interpret these rules and conditions as it may see fit, and to make such other and further rules and regulations as may be necessary to the successful prosecution of this enterprise. In case of an insufficient entry being received and the stake being declared off in consequence, nominators will be so notified within ten days of the date of closing and nominating fees will be returned as received.
